

WESTON® 6 Tray Digital Dehydrator Plus

Preserve Your Harvest – Preserve the fresh fruits and vegetables from your harvest with the Weston® Digital Dehydrator Plus. Create flavorful jerky, dehydrate herbs, meats and seeds at home. Retain natural flavor of foods without the extra preservatives and additives that can come with store bought jerky or dehydrated fruits and veggies.

Sleek Digital Design – The sleek, stainless steel base of the Digital Dehydrator Plus is functional as well as attractive on your countertop. The adjustable temperature control ranges from 100 degrees to 160 degrees Fahrenheit with a built-in timer ranging from 30 mins to 48 hours of dehydrating time. With six stackable trays and 7.4 square feet of space, the amount of food to dehydrate is endless.

Additional Features – The Digital Dehydrator comes equipped with one netting sheet for drying herbs or flowers. Use freshly, pureed fillings to create your own fruit rolls with the included fruit roll sheet. Watch your food through the see-through lid as it goes from its original form to dehydrated. When you're finished, simply run the six trays through the dishwasher for a no-hassle clean up.
